Visual Fixation Consistency

[Wuetai., 2025]

Ethical approval was granted by the Interfaculty Ethics Committee of RWTH Aachen University with the reference number 03/25.

Visual Fixation Consistency

Ethical approval was granted by the Interfaculty Ethics Committee of RWTH Aachen University with the reference number 03/25.

[Wu et al., 2025b]

Overview

Introduction of retinal prosthetics

Encoding strategies

- Reverse encoding
- End-to-end encoding
- Invertible encoding

Eye gaze

- Visual fixation-based simulation
- Visual fixation consistency

Supplementary

- Questionnaire
- Braille simulation
